Supplemental Codes

The Division of Health Care Finance and Policy is adding three codes to 114.3 CMR 10.00 Adult Day Health Services. The new codes correspond to the three existing levels of care: basic, complex, and health promotion and prevention. The Division prorated the current per diem rates for each level of care by 15-minute increments to determine the rates for these new codes. Adult Day Health providers may use these codes when eligible MassHealth members are unable to attend a full six hour day. The current per diem codes for each level remain unchanged.

The effective date of the new codes is November 15, 2009.

The added codes, modifiers, descriptions, and rates appear below:

<u>Procedure Code</u>	<u>Description</u>	<u>Rate</u>
S5100	Basic level of Care, per 15 minutes	\$2.25
S5100 TG	Complex Level of Care, per 15 minutes	\$2.86
S5100 U1	Health Promotion and Prevention Level of Care, per 15 minutes	\$1.16
